# Madam C.J. Walker's WONDERFUL HAIR GROWER

For nearly 20 years Madam C. J. Walker's Wonderful Hair Grower has stood the gruelling test of womanhood and proved its rare excellence beyond the shadow of a reasonable doubt. Women all over this land and in 29 foreign countries have used it to enliven nerve cells, enrich the scalp, thicken thin hair, soften and silken rough, wiry hair and thousands of both men and women have found this preparation matchless in nourishing and stimulating weakened hair growth on scalps left all but bald by protracted illness. Madam C. J. Walker's Wonderful Hair Grower is not an experiment, it has stood the test of time and is today a proven safe, certain way to have better hair.

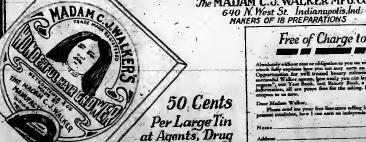

# Increased Business Demands Larger Factory

So ready and eager were women to accept this product nearly 20 years ago to improve their hair, and so steady has been their demand for more and more of it, we have found it difficult to supply their needs. First a bare hundred boxes and now, more than a mil-lion boxes a year are required to

keep milady's hair alive, clean and keep musay's nair awe, ciean and healthy as the times demand. In spite of numerous renovations and frequent removals, our present fac-tory is proving inadequate. Again we need more room to meet the ever increasing demand for Madam C. J. Walker's Wonderful Hair Grower
